LOCAL SUPPORTS LOCAL

Since 1885, we've been supporting the residents and businesses of our local communities. In 2012, we established a new way to support schools.

Since then, we've given \$259,151.97 back to area schools through our innovative Community Card program. When you use your Community Card for credit purchases, we will donate a portion of each purchase amount to the school on your card.

Now, by supporting a locally-owned, community bank, you can support your local school too! Reach out to see if your school is eligible and request a card today.
